Primary Gig: Graduate student, King's College London

One the side (what do you do in your “free” time): I spend a good portion of my free time wandering around London. I try to set aside a few hours a week to check out a new neighborhood. It’s been 6 months and I’ve barely made a dent!

Describe yourself in 10 words or less: Clear eyes, full hearts, can't lose. Also, ice cream.

Celebrity Doppelganger/Who would play you in a movie: Marisa Tomei (in a world made of dreams and rainbows).

Where I will be/hope to be in 10 years: In 10 years I’d like to own a consulting business that enables me to work with religious organizations, bettering their outreach and messaging strategies.

What I love about growing up or living in Sacramento: Sacramento was an amazing place to be a kid. The summers stand out the most: swimming and soccer camps all day long. I’ve also always appreciated the diversity of Sacramento and the ways in which communities have come together over the years to support causes of mutual importance. It’s a great example for other cities nationwide. Also, #HereWeStayed
